

Bicycle Policy

Bicycles are a great, environmentally friendly, way to explore the area. In our efforts to support all things “green”, we have bicycles that can be used by Cabin or Cottage guests. We do not make any charge for using them, nor do we deduct any deposit if anything happens to them (but it would be nice if you could replace lost pumps or equipment, thanks!).

Please look after them as best you can and let us know if there are any problems that we need to attend to. Please lock the bicycles up when leaving them in public places.

We aim to have a choice of at least 6 adult bikes and 4-6 smaller bikes of assorted sizes. We can't promise that there will be the perfect bike for everyone. We aim to please the majority and hope the minority will understand our good intentions.

We have them serviced at fairly regular intervals and do our best to keep them in good condition but there will inevitably be times when everything is not as it should be. There are some tools, puncture repair kits and pumps kept in the bike store for the DIY enthusiasts among you (but please put the equipment back where you found it)!

Please note that it is your responsibility to assess the bicycles. You ride them at your own risk.

We have hats and accessories that might be suitable for 2 Cabin guests but recommend that Cottage guests bring their own hats and reflective clothing - and lights if intending to ride in the dark.

Wishing you happy and safe cycling!
